SUPPLEMENTARY INFORMATION:

Title: 49 CFR Part 564, Replaceable Light Source Dimensional Information Collection

OMB Control Number: 2157-0563

Type of Request: Extension of a currently approved collection

Abstract: The information to be collected is in response to 49 CFR part 564, “Replaceable Light Source Dimensional Information.” Persons desiring to use newly designed replaceable headlamp light sources are required to submit interchangeability and performance specifications to the agency. After a short agency review to assure completeness, the information is placed in a public docket for use by any person who would like to manufacture headlamp light sources for highway motor vehicles. In Federal Motor Vehicle Safety Standard No. 108, Lamps, reflective devices and associated equipment, “Part 564 submissions” are referenced as being the source of information regarding the performance and interchangeability information for legal headlamp light sources, whether original equipment or replacement equipment. The submitted information about headlamp light sources becomes the basis for certification of compliance with safety standards. Comments from two major lighting suppliers have been in favor of the proposed information collection in regards to headlamp light sources.

Affected Public: Businesses or other for profit organizations.
